

**Help Your Pets Live Their Longest and Healthiest Lives**

# Senior Pet Wellness

## Regular Vet Check-ups

Schedule routine visits to catch and treat health issues early.

## Dental Care

Brush their teeth and schedule dental cleanings to prevent oral diseases.

## Balanced Diet

Provide a diet rich in nutrients tailored to senior pets' needs.

## Monitor for Behavioral Changes

Watch for changes in behavior, which can signal underlying health issues.

## Maintain a Healthy Weight

Monitor weight to prevent obesity and related health problems.

## Regular Exercise

Keep them active with gentle walks and playtime to support joint health.
